**RAM[®]
MOUNTS**

Material Handling

ABOUT RAM® MOUNTS

RAM® Mounts manufactures rugged and versatile mounting systems for cameras, tablets, and other mobile devices that can be attached nearly anywhere. Unlike other mounts on the market, RAM® allows you to secure devices where you need them most. The unique design of the RAM® Mounts system provides quick installation, adjustability, strength, vibration damping, and durability—all at a low cost. Backed by a lifetime warranty, RAM® uses powder-coated, marine-grade aluminum with lightweight and high-strength composites, stainless steel hardware, and rubber balls.

THE RAM® DIFFERENCE

PREMIUM DESIGN

The rubber ball and socket design of our mounting systems offers a secure hold, with near-infinite adjustability and vibration damping for the most demanding environments. With thousands of components trusted by users around the world, we've been able to design and develop mounting solutions that consumers and companies previously only dreamed were possible.

CUSTOMIZABLE

Take your phone mount from your truck to your boat, or mix and match components to create your ideal mount. Because of the modularity of the RAM® system, you can customize your solution to fit your specific needs in almost any application.

QUALITY MATERIALS

A premium design deserves the highest quality materials available, from rubber and stainless steel to high-strength composites and marine-grade aluminum. Our facilities—including powder coating, die casting, rubber injection molding, and shock and vibration testing—help us deliver on this promise to bring you inventive mounting solutions.

LIFETIME WARRANTY

It's simple. Our reputation as the leader of premier mounting systems means if we build it, then we guarantee it. We're confident in the quality of our products, and with our warranty, you can be too.

NATIONAL PRODUCTS INC. (NPI)

Introduced in 1995, National Products Inc. (NPI) quickly became the leading manufacturer of rugged and versatile mounting solutions. RAM® Mounts has grown to offer approximately 5,000 modular components—the most innovative product line of its kind for nearly any application and device, including phones, tablets, GPS systems, laptops, marine electronics, printers, radios, and much more.

In addition to RAM® Mounts, NPI is also the creator of award-winning IntelliSkin® sleeves and GDS® Technology™ products. IntelliSkin® sleeves ruggedize a wide range of consumer phones and tablets, while the GDS® Ecosystem™ provides users the ability to securely charge, dock, and sync devices in the most demanding environments.

Backed by more than 400 employees, NPI is proudly located in Seattle, Washington in the same neighborhood where the company was started.

PARTNER WITH RAM® MOUNTS

Here at RAM® Mounts, we believe that unfathomable things are possible with ingenuity. With a portfolio of more than 5,000 SKUs paired with innovative engineers and in-house product experts, we have the tools and expertise needed to create solutions that you didn't know were possible. We have the ability to solve your mounting challenges quickly, efficiently, and cost effectively.

BALL & SOCKET SIZES

Each ball size in the RAM® Mounts rubber ball and socket system supports a different amount of weight and withstands increasingly intense vibration. Use the examples below to determine the ideal size for your system based on your device weight and application.

B SIZE

- 1" diameter ball
- Holds up to 1 lb
- Ideal for cup holders, cameras, phones, and other lightweight devices

C SIZE

- 1.5" diameter ball
- Holds up to 3 lbs
- Ideal for tablets, 2D barcode scanners, and lightweight laptops

D SIZE

- 2.25" diameter ball
- Holds up to 5 lbs
- Ideal for vehicle-mounted computers and rugged laptops in moderate vibration environments

E SIZE

- 3.38" diameter ball
- Holds up to 10 lbs
- Ideal for vehicle-mounted computers and rugged laptops in extreme vibration environments

ARM SIZES

RAM® Mounts feature a double ball and socket system, providing modularity and adjustability. A RAM® arm is the connection between the mounting base and your device, and are available in multiple sizes and lengths.

B SIZE 1"

PART NUMBER	OVERALL LENGTH	SOCKET TO SOCKET
RAM-B-201U-A	2.42"	1.75"
RAM-B-201U	3.73"	3.00"

WITH GDS® TECH™
PROTECT YOUR INVESTMENT**

IntelliSkin® is a protective sleeve for phones and tablets featuring GDS® Tech™ with pogo pin technology and military-grade drop protection. With an integrated GDS® connector molded directly into each skin and ruggedized docking contacts on each skin's exterior, IntelliSkin® is designed to extend the life of devices by preventing damage to the charging port from repetitive docking. Next Generation IntelliSkin® sleeves feature flat docking contacts that are easier to clean, as well as a design that combines the hard plastic shell with soft, shock-absorbing rubber.

Every IntelliSkin® is compatible with a wide range of GDS® vehicle docks—safeguarding against the frequent docking and use of consumer phones and tablets in a variety of demanding field applications. When GDS® Docks™ are unavailable, most Next Generation IntelliSkin® sleeves feature a USB Type-C external power connector on each skin's exterior.

**GDS® ERGO™ & POWER
ACCESSORIES**
**ACCESSORIES THAT GET
THE JOB DONE**

Take advantage of GDS® Ergo™ accessories like the GDS® Hand-Stand™ and shoulder strap to enable your tablet for field use. The GDS® Hand-Stand™ is a combination hand strap and kick stand that allows you to easily take your device from the warehouse to the office—and everywhere in between. With the shoulder strap accessory, quickly attach various IntelliSkin® sleeves using the snap hooks to comfortably carry your tablet.

In addition, the IntelliSkin® contact brush can be used to clean debris build-up on the GDS® contacts of IntelliSkin® sleeves. Performing routine cleaning of the GDS® contacts helps to maintain excellent performance and prevent any loss in functionality. An included adhesive pad can be attached to a variety of surfaces.

COMPATIBILITY GUIDE**

1

SCANNER GUN HOLDERS ERGONOMIC SOLUTIONS

Keep scanner guns in an ergonomic and user-friendly location with these rugged holders. The open bottom design of the RAM® Power-Grip™ enables scanning while in the holder, and replaceable elastomeric fins grip the handle of the scanner for a secure hold. Another holder, the RAM® Drop-N-Lock™, is designed to hold most types of pistol grip mobile computers with scanning capabilities. The spring-loaded lever on the side of the holder secures devices – simply drop the handle into the holder and it locks in place. And last but not least, the rugged RAM® Quick-Draw™ also features spring-loaded functionality to secure scanner guns and handheld computers that fit within the compatible dimensions.

OVERHEAD GUARD BASES

OVERHEAD GUARD PLATES

**SECURE COMPUTERS,
PRINTERS, SCANNERS & MORE**

Utilize two identical stamped steel plates that fasten to most lift cages and overhead guards to mount computers, printers, scanners, and tablets. This rugged mount allows for the attachment of bases with a variety of RAM® Mounts ball sizes. The plates include both the VESA and AMPS hole patterns. Multiple ball bases can be attached to the same plate, helping to keep all your devices in one convenient location.

FEATURES

- Overhead guard plates feature both VESA and AMPS hole patterns
- Ideal for mounting computers, printers, scanners, and more
- D size RAM® rubber ball allows for connection to any D size RAM® double socket arm
- Includes two identical stamped steel plates

ACCESSORIES

RAM® HI-TORQ™ WRENCH

EXTRA LEVERAGE FOR DEMANDING ENVIRONMENTS

The RAM® Hi-Torq™ wrench is used with the knob on D size (2.25") arms. This wrench provides the extra leverage needed to tighten the mount in cold weather or in small spaces.

1. RAM-D-202U-CR01, Crown Work Assist Adapter with 2.25" Ball
RAM-D-201U-C, Short Socket Arm with 2.25" Ball
RAM-D-202U-23, Device Adapter with 2.25" Ball (shown with Zebra VC80)
RAM-KNOB9HU, RAM® Hi-Torq™ Wrench for 2.25" Ball
2. RAM-KNOB9HU, RAM® Hi-Torq™ Wrench for D Size Socket Arms

RAM® PIN-LOCK™ SECURITY KNOB AND KEY

PREVENT THEFT AND TAMPERING

Using a female threaded security knob and key knob, the mixed combination RAM® Pin-Lock™ security knob and key can replace all knobs on B size (1") and C size (1.5") arms and mounts to prevent theft and tampering.

3. RAP-S-KNOB3U, RAM® Pin-Lock™ Security Knob for B Size Socket Arms

KEYED LOCKING KNOB

KEEP ELECTRONICS LOCKED IN PLACE

The keyed locking knob adds tampering and theft deterrence to your B size (1") and C size (1.5") ball mounts by replacing the standard knob. This an ideal accessory to keep your mounted electronic devices safe and locked into position.

4. RAM-KNOB5LU, RAM® Key Lock Knob with Brass Insert for C Size Socket Arms

RAM® SHOCK BUSTER™
ADDED SHOCK AND VIBRATION DAMPING

This VESA hole pattern adapter absorbs shock and vibration for mounting systems in the most extreme environments. Featuring an integrated 40A durometer shock isolator, the RAM® Shock Buster™ fits between any 75mm VESA RAM® Mounts component and the device you're mounting.

FEATURES

- Integrated elastomeric shock isolator
- Absorbs shock and vibration in demanding environments
- Added protection is ideal for a variety of electronic devices
- Features 75mm VESA hole pattern for easy connection to compatible RAM® components

-
1. RAM-335-D-246, Overhead Guard Plate with 2.25" Ball

RAM® HANDI-CASE™
VERSATILITY FOR ANY
WORK ENVIRONMENT

The RAM® Handi-Case™ keeps all of your paperwork, packing slips, and other items organized anywhere you need it. Beyond being a writing surface, you get document storage, a tool holder, pen and pencil storage, and the durability to withstand any working environment. A variety of knockout hole patterns make it easy to mount, or secure the RAM® Handi-Case™ flush on any metal surface with additional magnets.

FEATURES

- Multiple mounting points on top and bottom to attach any number of popular RAM® ball bases or mounting plates for unsurpassed versatility
- Attachment points allow for mounting of phones, GPS units, or other small electronics
- Multiple punch outs on the sides and back make it possible to run power into or out of the case
- Multiple storage spaces inside the case can hold documents, pens, nuts, bolts, and more

THINK OUTSIDE THE WAREHOUSE

INVENTIVE MOUNTING SOLUTIONS FOR THE LONG HAUL

After product leaves the warehouse, RAM® Mounts is there for the long haul. From laptop and wireless phone chargers to locking vehicle mounts to ELD mandate bundle solutions, RAM® has long been a trusted partner in the transportation and logistics industry. These in-cab systems provide delivery trucks and large fleets with the tools they need to get the job done everyday. Our durable mounting solutions are the most versatile of their kind, allowing customers to scale without spending money on entire new systems.

You can always feel confident knowing that RAM® mounting components are backed by a lifetime warranty, while electronic products are covered by a one to three year warranty. We believe in the product so much that we're confident it can support nearly any mounting need you have. If you have a custom mounting need, get in touch with our mounting experts at sales@rammount.com.

**WATER
PROOF**

For added security and peace of mind, a safety tether is included with each holder for outdoor applications

**RAM® TOUGH-CHARGE™ WITH
X-GRIP® TECHNOLOGY
FIRST OF ITS KIND PHONE HOLDER**

The RAM® Tough-Charge™ with X-Grip® Technology is the world's first patented, universal waterproof wireless charging cradle for phones. Designed with spring-loaded RAM® X-Grip® Technology, this cradle features an 'X' design that expands and contracts to secure nearly any phone while taking advantage of wireless charging via the Qi standard. On the bottom of the cradle, a support leg can be adjusted to the ideal position or removed altogether. Available in a variety of mounting kits, ensure wireless charging capabilities across a wide range of vehicles.

FEATURES

- Popular spring-loaded RAM® X-Grip® technology to secure nearly any phone
- Waterproof 10W Qi wireless charging on the go
- Complete mounting kits for a wide range of vehicles and use cases, with multiple charging options
- Support leg can be easily adjusted or removed
