- Accommodates Zebra Boot, standard and extended battery packs as well as the OEM hand strap
- Backed by a 3-year warranty

## PRODUCT INFORMATION

### OVERVIEW

This spring loaded powered dock is designed specifically for the Zebra EC50 and EC55 enterprise mobile computers. The dock features two integrated pogo pins that provide charging capabilities to the device while docked and plugged into a power source via 1.2m long USB Type A cable. While keeping the Zebra EC50/55 secure, the powered dock also leaves the device's top scanner, buttons and camera exposed and usable. Available space in the back accommodates standard and extended battery packs as well as the OEM hand strap. For mounting, pair the dock with a B size RAM® diamond ball base and B size mounting components.
