

## Solutions for Zebra Machine Vision

Robust and secure mounts for Zebra industrial scanners, designed for demanding environments. These mounts ensure stability and reliability, keeping your equipment firmly in place while offering easy access and an ergonomic working setup.

Ideal for professional use, they enhance productivity by ensuring your device is always secure and within reach. For best results, pair with a pedestal on Bosch profiles or similar systems.

### Features

- Customized design
- Perfect fit
- Robust mount
- Durable ABS/Acetal, metal construction
- Color: black
- Made in Sweden

Item no.	Zebra FS10, FS20, XS40, XS70
216480	Mounting plate.

Item no.	Zebra FS20, FS40, FS70, VS20, VS40, VS70
217052	Mount. L-Bracket.

Item no.	Zebra IRIS GTX
217053	Mount. L-Bracket.

Item no.	Zebra FS10
217054	Mounting plate.

Item no.	Zebra FS20
217055	Mounting plate.

Item no.	Zebra FS40, VS70
217056	Mounting plate.

Item no.	Zebra IRIS GTX 3D
217057	Mounting plate.

Item no.	Bosch Rexroth
217060	Device Mounting Adapter.
