Wireless Barcode Scanner

Precision Scanning, Effortless Decoding

Equipped with a professional scan engine for millisecond decoding, effortlessly scans 1D/2D barcodes, including damaged, distorted, laminated, screen, and low-contrast barcodes.

Elegant and Outstanding, Lightweight and Effortless

The whale-shaped curved design combined with a compact and exquisite form ensures an easy grip, smooth handling, and comfort during extended use.

Wireless Freedom, Seamless Connectivity

Supports Bluetooth 5.2 for seamless pairing with smartphones, tablets, notebooks, and desktops, ensuring broad compatibility and effortless integration into your existing workflow.

Triple Scan Feedback for Enhanced Usability

Real-time scanning feedback via vibration motor, buzzer, and LED indicator. Flexible feedback ensures clear, accurate responses in any retail environment, preventing missed scans.

Long-Lasting Battery Power

Powered by a 2500mAh battery, offering over 30,000 scans on a full charge. Enjoy prolonged operations and reduced downtime, maximizing productivity with fewer recharges needed.

Hands-Free Scanning, Charging Simultaneously

Equipped with a charging cradle and auto-sensing mode, it frees your hands for effortless operation while meeting high-frequency scanning and long battery life needs.
