POWERSCAN™ 9600 RFID SERIES

Improving traceability and productivity with RFID technology

HYBRID RFID AND BARCODES SCANNING TECHNOLOGIES

The PowerScan 9600 RFID Series consists of hybrid solutions to scan both UHF RFID tags and printed barcodes, supporting businesses that utilize any identification technology. The product is to be used in different industries, such as Retail, T&L, Manufacturing, and Healthcare, improving productivity and inventory visibility thanks to the benefits of RFID technology.

ULTRA-RUGGED WITH BALANCED ERGONOMICS

With an ultra-rugged design, the PowerScan 9600 family is built to survive the harshest environmental conditions. To lessen operator stress during daily tasks, the PowerScan 9600 imagers feature an ergonomic shape and a well-balanced weight.

WIRELESS CHARGING

The PowerScan 9600 RFID series include Datalogic's Wireless Charging technology. Based on inductive-charging technology, Datalogic's Wireless Charging System eliminates battery connections and pins, which are frequently dirty, deformed, or broken over time, removing a critical point of failure for devices used in industrial and retail applications.

EASY SYSTEM INTEGRATION

The BC9600 base/charger has a modular design and is available with multiple interface plug-ins for standard and industrial communications such as RS-232, USB, Standard Ethernet and Industrial Ethernet protocols.

FEATURES

- UHF RFID tags reading and writing capabilities, in addition to scanning of 1D, stacked, 2D codes, postal codes, OCR, and image capture
- Cordless model with Bluetooth 5.0 connectivity
- Water and Particulate Sealing Rating: IP65 and IP67; Cradle IP65; 10 million hits trigger
- Center of gravity design
- Modular cradle design allowing interface expansion
- Datalogic's 3GL™ (3 Green Lights) technology and loud beeper for good-read feedback
- Datalogic's Motionix™ motion-sensing technology
- Wireless Charging reducing total cost of ownership
- EASEOFCARE Service Plans offer a wide range of service options to protect your investment, ensuring maximum productivity and ROI

INDUSTRIES - APPLICATIONS

Retail

- Checkout
- Self-checkout
- Inventory Management

T&L

- Receiving/Picking
- Inbound/Outbound
- Order Fulfilment
- Warehousing

Manufacturing

- Work in Progress (WIP)
- Traceability
- Quality Control

Healthcare

- Inventory Management
- Traceability
- Validation

POWERSCAN 9600 RFID SERIES

TECHNICAL SPECIFICATIONS

Bluetooth Wireless Technology Radio Frequency: 2.4 GHz; Profiles: SPP (Serial Port Profile) and HID (Human Interface Device); Protocol: Bluetooth 5.0 Certified. Class 1, Class 2 and Class 3; RR Range (Open Air): 100.0 m / 328.0 ft; Range distances .measured using the base station. Data Rate: 3 Mbit/s (Mbit/s). Security: Data Encryption; Scanner Authentication	WIRELESS COMMUNICATIONS

SAFETY & REGULATORY

Agency Approvals (US/ Canada and EU)	The product meets necessary safety and regulatory approvals for its intended use. The Regulatory Addendum for this product can be referred to for a complete list of certifications.
Environmental Compliance	Complies to EU RoHS; Complies to R.E.A.C.H.
Laser Classification	Caution Laser Radiation - Do not stare into beam CDRH Class II; IEC 60825 Class 2
LED Classification	IEC 62471 LED Class: Exempt
UTILITIES	
Datalogic Aladdin™	Datalogic Aladdin configuration program is available for download at no charge.
OPOS / JavaPOS	OPOS and JavaPOS Utilities are available for download at no charge.
WARRANTY	
Warranty	3-Year Factory Warranty
