

Mount

Mobile Printer Mount for reducing impact of shocks and vibrations when mounting different printers on forklifts, trucks or other vehicles.

Item no: 217135

EAN Number: 7320282171353

This Mobile Printer Mount offers a stable and secure way to mount different printers on forklifts, trucks or other vehicles. The strong and robust construction with special springs and vibration dampers reduces the impact of shocks and vibrations on your printer.

The modular design makes it easy to change printers by only replacing the top plate. Threaded inserts in the base plate provide mounting options for pedestal mounts with Vesa 75, Vesa 100 or AMPS standard.

This mount is designed for horizontal installation and is intended for indoor use in vehicles such as forklifts operating under moderate vibration levels. It is not recommended for off-road or extreme environments.

Made of high-quality ABS plastic and metal. Made in Sweden.

Fits the following models:

Zebra ZD420 Direct Thermal
Zebra ZD420 Thermal Transfer
Zebra ZD421 Ribbon Cartridge
Zebra ZD421 Thermal Transfer
Zebra ZD620 Direct Thermal
Zebra ZD621 Thermal Transfer
