PRODUCT INFORMATION

OVERVIEW

Well thought out and compact designs are common place at RAM and our new RAM Tough-Tray™ II is no exception. Spring create just the right amount of holding force, most tablets, UMPC's, and compact laptops can be made safe and secure go. Simple to install and adjust retaining arms insure a perfect fit without interfering with ports or functions. Also, if a cover is in place, these retaining arms hold firm with the screen up or down. Ideally suited to a multitude of applications, and easy to hundreds of mounting systems for cars, boats, planes, and more, compact devices just work better in the universal from RAM.
