The choice when you want to install two units e.g. a holder for a PDA and a HF-kit. With predrilled holes for Nokia and Sony Ericsson Original HF-kits, brodit holders and THB HF-kits. Can be angled 15° in every direction.

### 215122 Tilt swivel plate, small

With predrilled holes for Nokia and Sony Ericsson Original HF-kits, Brodit holders and THB HF-kits. Can be angled 15° in every direction.

### 213018 Tilt swivel plate, centered, AMPS-standard

With predrilled holes for Nokia and Sony Ericsson Original HF-kits, Brodit holders and THB HF-kits. Can be angled 15° in every direction.

# Mounting Accessories

### Mounting adapter Arkon, upright

A mounting adapter for use with devices and holders equipped with an Arkon mount. Choose between a mount with or without tilt swivel. Upright face plate.

- Item no. 215205 Mounting adapter
- Item no. 215204 Mounting adapter, with tilt swivel

### Mounting adapter Arkon, horizontal

A mounting adapter for use with devices and holders equipped with an Arkon mount. Choose between a mount with or without tilt swivel. Horizontal face plate.

- Item no. 215198 Mounting adapter
- Item no. 215199 Mounting adapter, with tilt swivel

### Mounting adapter Arkon, horizontal

A mounting adapter for use with devices and holders equipped with an Arkon mount and singel T. Choose between a mount with or without tilt swivel. Horizontal face plate.

- Item no. 215225 Mounting adapter
- Item no. 215231 Mounting adapter, with tilt swivel

### 213007 Angled extention plate

The choice e.g. when you want to install two devices in different heights. (3 pcs/pack)

### 215056 Distance plate

The choice e.g. when you want to install a device a bit further out from the dashboard. 7x42x50mm

### 240411 Gap Opener

Gap opener, big. Tool used for widening gaps when installing.

### 215058 Tilt swivel adapter plate

Mounting plate with Richter adapter, with tilt swivel.

### 215228 Mount, angled

Angled mount for a higher placement. With predrilled holes.

### 215052 Mount with V-groove.

For mobilephone, pager and orther devices with a button or a clip in back. Predrilled holes for easy installation on a ProClip mounting platform.

### 945008 Cigg-plug

Female cigg-plug with open ends for fixed installation.

### ABS-plastic, black

Allows you to make your own special solutions. 3 mm ore 5 mm. Consists of 4 pcs of 5x80x420 mm, 4 pcs of 5x120x420 mm, 2 pcs of 5x160x420 mm, 1 pcs of 5x200x420 mm.

- Item no. 215424 3 mm.
- Item no. 213017 5 mm.

### 215325 Tilt swivel adapter plate

Mounting plate with Richter adapter, with big tilt swivel.

### 215145 Fuse

Fuse 2 A, with holder.

### Note-pad holder with tilt swivel

Item no 215099 Holder, note-pad and pen not included.

Item no 215100 Holder with note-pad and pen included.

### 942001 In car charger adapter

Connects to the vehicle's cigarette lighter socket and a USB cable for charging.

### 215181 Flexible arm

Flexible arm, 15 cm. With predrilled AMPS-standard holes.

### 215174 Tap splice with crimp terminal

Tap Splice with crimp terminal and fuse 2 A, with holder.

### 215341 Screws

Self tapping screws. 50 pcs.

### 213008 Extention plate

The choice when you want to install two units e.g. a holder for a PDA and a HF-kit. (3 pcs)

### High strength adhesive tape, 15 m

- Item no 861636 width 6 mm
- Item no 861637 width 12 mm
- Item no 861638 width 25 mm
