- Compatible with C size RAM® diamond bases for attaching a double socket arm; ball and socket technology allows for near-infinite adjustability
- Made of high-strength composites for durability and reliability in the most demanding environments
- Backed by a 3-year warranty

PRODUCT INFORMATION

OVERVIEW

The GDS® Powered Locking Vehicle Dock for Zebra EM45 with IntelliSkin® (RAM-GDS-DOCKL-ZE38-A-PU) is a spring-loaded, quick-release holder that offers a secure fit with easy access to the mounted device. This docking station features a top-cup molded for the Zebra EM45, ensuring the device stays safe on the roughest roads. When docked, the built-in pogo pin docking contacts provide a seamless charging experience, powered by the USB-C female connector. The key lock provides peace of mind and theft deterrence for high-traffic environments. Complete the solution by building your mount—these docks are RAM® Compatible™ equipped with a 2-hole AMPS pattern for adding a diamond ball adapter. Always Protected. Always Connected.®
