TOUGHBOOK

G2

MASTER OF ITS
SURROUNDINGS

A product of more than
25 years of world leadership
in rugged technology

TOUGHBOOK.EU

THE WORLD OF RUGGED HAS **EVOLVED**

A new species of device has emerged

A device that is even better adapted to the fast-paced, ever-changing and demanding conditions in which our TOUGHBOOK customers work.

Introducing

TOUGHBOOK

G2

RAPIDLY ADAPTABLE TO ANY ENVIRONMENT

Configurable gadget interfaces allow your team to quickly and easily swap in features – from extra battery to HF-RFID, smart card and fingerprint readers. It's always ready. Whatever the task.

EVOLUTIONARY RUGGED PERFECTION

A 25-year evolution of rugged experience, the G2 builds on the best of TOUGHBOOK, thanks to customer feedback and engineering expertise.

SURVIVAL OF THE TOUGHEST

To succeed, we must adapt. And so must our tools. Let's give your team a device that's more than a match for any situation and all environments.

FUTURE EXPANDABILITY, BACKWARDS COMPATIBILITY

Compatible with existing and legacy accessories. Add features as your needs change in the future, without having to overhaul your entire TOUGHBOOK ecosystem. Better for ROI, and more sustainable too.

FIT-FOR-PURPOSE OPERABILITY

Rugged and ergonomic with long battery life, a quick-launch function, and customisation capabilities, the G2 guarantees ultimate productivity out in the field.

ENTERPRISE SECURITY

Windows 10 Secured-core PC technology provides hardware, firmware and software protection, while a quick-release SDD, plus smart card and HF-RFID reader options help further enhance mission-critical data security.

READY FOR ANYTHING, AND ANYWHERE

Thanks to rugged and rigorously tested accessories, vehicle mounts and docks. Built-for-purpose and designed to match the way your team works, for maximum convenience and safety on the go.

Talk to a Panasonic specialist to learn more about the G2 today.
