- Includes C size medium length double socket arm; ball and socket technology allows for near-infinite adjustability
- Made of powder-coated, marine-grade aluminum for durability and reliability in the most demanding environments
- Backed by a lifetime warranty

PRODUCT INFORMATION

OVERVIEW

The RAM-103U consists of the 1.5" diameter ball and socket system with one open socket end. This mount is designed with any of the RAM mounting bases or cradles with a 1.5" diameter rubber ball. The (</CatalogResults/PartDetails/tabid/63/partid/082065077045050048050085/Default.aspx>) round base has a 1.5" diameter ball connected at right angles to a 2.5" diameter base. The plate has pre-drilled holes in the base, including the universal pattern.
