Enterprise Mobility Kit

EmKit

Enterprise Mobility Kit – Truly, what Enterprise needs

Point Mobile announces new software solution – called "EmKit" is new software solution for enterprise mobility users. Our every Android device shall have EmKit pre-installed and every use can access them for free of charge*. EmKit offers truly-value-added advantages, for enterprise users, which are against consumer-centric & non-customizable smartphones. Every solution in EmKit is 100% compatible with Point Mobile Android GMS certified devices.

* Necessary MDM license subjects upon individual subscribers

EmKit consist with "EmKit Secure", "EmKit Remote", "Emkit Tools" and "EmKit Demos"

- EmKit Secure "Lock Your Device"
- EmKit Remote "Mobile Device Management"
- EmKit Tools "Smarty Tools Ease Enterprise"
- EmKit Demos "Friendly For Programmers"

Direct Clone

Create the **Master PDA** - backup your system settings and apps into a secured file. Without any network connection, Master PDA become a local server in your work place. Nearby Point Mobile device will automatically communicate with Master PDA and download the backup file and then **Restore**.

Create the backup file

Backed up file will restore your Point Mobile Android device.

Scan2Set

SCAN

EmKit

Scan2Set

Scan2Set is designed for the network environment. Point Mobile Android device downloads the Direct Clone file from the FTP, Web server and Google Drive with just one QRcode Scan!

Scan your QR code and,

- Connect to your network
- Restore your PDA
- Work Managed Device setup

Step 1. Create Direct Clone Backup file

SCAN START

- Make a Direct Clone file from Master PDA device

EmKit

Step 2. Upload Direct Clone file to your FTP site or Web server

- Copy the Direct Clone file from the Point Mobile Android device

- Upload this file to your FTP site or Web Server. You may change file name

EmKit

- After file uploading, please check the url first. File should be download with url address.

Take Bug Report

This function save logs and event to the internal storage. When you have a field issue, and need to contact service center, please find the reproduce step first.

- Reproduce the issue.
- After issue, reproduce, please run Take bug report.
- File will be saved to **bugreports** folder.
- Copy the file to the PC and then zip it to reduce the file size.
- Share bug report file to the service center or Point Mobile Support team with reproduce steps.
