PRODUCT INFORMATION

OVERVIEW

IntelliSkin® is a protective sleeve featuring GDS® Technology™ with military-grade drop protection for the Apple iPad (7th Gen). An integrated attachment slot on the right allows you to secure your Apple Pencil. The IntelliSkin® sleeve's internal connector is molded directly into the skin, preventing damage to your device's charging port from repetitive docking. Eight ruggedized docking contacts on the exterior of the skin are also designed for repetitive docking in field applications. The IntelliSkin® is compatible with the GDS® Hand-Stand™ and shoulder strap accessories, and also features a universal position that makes it compatible with Next Generation IntelliSkin® docks.

MATERIALS

Polycarbonate and Thermoplastic Elastomers

PACKAGING TYPE

Retail Box

ADDITIONAL INFORMATION

"Made for iPad" means that an electronic accessory has been designed to connect specifically to iPad, and has been by the developer to meet Apple performance standards. Apple is not responsible for the operation of this device or compliance with safety and regulatory standards. Please note that the use of this accessory with iPad may affect its performance.
