- Type-C port provides high speed charging to the device
- Keyed lock for theft deterrence
- Easy, quick release of your tablet for on-the-go applications
- Backed by a 3-year warranty

PRODUCT INFORMATION

OVERVIEW

The USB Type-C locking vehicle dock for IntelliSkin® Next Generation features GDS® Technology™ to enable high speed charging capabilities on the go. This spring-loaded, quick release dock features a keyed lock that offers a secure fit with easy access to your mounted tablet. A bottom dock cup includes 8 pogo pins and a USB Type-C pigtail. Without the need to remove your IntelliSkin® Next Gen sleeve from the device, efficiently mount the tablet in the vehicle dock to keep your tablet charged and locked in place. This dock is designed to meet the demands of field workers in a variety of applications, including transportation, field sales, logistics, manufacturing, and much more.
