

Product 711056

**711056 Passive holder with tilt swivel** For all versions with pistol grip. Display facing the holder, pistol grip insertion. Swiveling top for extra secure hold.

Custom designed holder with a perfect fit for all Zebra MC3300 versions with pistol grip. The device is held into place firmly with the display facing the holder, allowing for easy insert/removal when using the pistol grip. Robust design, very strong construction for every day professional use in rough environments. Keep your device in a passive holder and you will always have it within easy reach! Neat, discreet and convenient.

The holder is equipped with a tilt swivel so you can easily adjust the angle of the device. Tilts 17° and swivels 360°. Mounting plate 42x50 mm with AMPS-holes. Made of high grade black ABS/Acetal plastic. Made in Sweden. Attach onto a Pedestal Mount.

EAN: 7320287110562

## INSTALLATION INSTRUCTIONS

1.

2.

3.

4.

Please read all of the instructions and look at the pictures before attaching the holder.

1. Loosen the screw in the center of the holder so you can remove the tilt swivel attaching plate on the back.

2. Place the attaching plate onto the desired position. Screw the attaching plate into place with the enclosed screws. Place the holder over the attaching plate so the screw fits in the hole in the tilt swivel. Tighten the screw so the holder is firmly in place, but still can be adjusted.

3. To place the device in the holder: Hold the device in front of the holder and slide it straight into the holder. Turn the swiveling top over the device.

To remove the device from the holder: Turn the swiveling top sideways so the device is set free. Pull the device straight out from the holder.

4. The holder is in place.
